WINEMAKERDrew Tuckwell

WINEMAKER NOTE

This is the classic Australian red blend and works just as well in cooler climates as it does in warmer climates. These two varieties complement each other beautifully. Each year we make this blend, its intrinsic quality is always apparent and it remains a favourite.

TASTING NOTE

There is a richness and firmness to this wine that makes it such a complete experience without being over-the-top. Both varieties express their fruit flavours and blend together seamlessly on the palate. Oak remains in the background. Savoury tannins. The length and persistence of flavour is impressive.

CELLARINGUp to 10 years. We expect this to evolve beautifully in the cellar.

ALC / STD DRINKS13.0% Alc. 7.7 Std drinks.

ADDITIVESEgg whites. Preservative 220.
