**WINEMAKER**Drew Tuckwell

---

**WINEMAKER NOTE**

Sourced entirely from estate vineyards. Printhie has new clones 8R and Q45-14 which produce very aromatic merlot. These clones are kept separate throughout maturation in the winery. We use the most individual parcels to make a unique merlot.

---

**TASTING NOTE**

Lifted exotic red fruits as well as turkish delight, ginger and some balanced chocolate, cedar oak. The palate has good weight and density without being heavy. The acidity maintains the structure and freshness. Firm, elegant tannins provide length and allow flavour to evolve on the back palate. Certainly richer and more complex than the Mountain Range Merlot.

---

**CELLARING**Up to 8 years from vintage.

---

**ALC / STD DRINKS**13.5% Alc. 8.0 Std drinks.

---

**ADDITIVES**Egg whites. Preservative 220.
